The project has…

Completely overhauled, modernised, re-designed the 'old' Horus – on the HEE Azure cloud and with HEE branding → Now the **HEE Horus**

Created a brand new open-access support website full of guides, video tutorials, FAQs, updates, newsletters and useful links

Run three 2-hour long role-based webinars to walk users through the system

Worked with staff across all 13 local offices to manage local implementation

Trained over 200 'e-portfolio lead' admin staff face to face at 11 locations across England

Created a brand new HEE FP E-portfolio Archive system to house historic NES ePortfolio data

Arranged for out of synch FDs to use the legacy system during 2017-18 to minimise disruption to their training

Attended numerous local and national meetings and events to engage with stakeholders

Arranged for non-trainee grade doctors to be able to use Horus

Set up a Horus Helpdesk team, who use the HEE ServiceDesk
