Summary

- ARCP functionality is now live – guidance on and being added to the [support site](#).
- Local education provider administrators should ensure that all non-trainee grade ([NTG](#)) doctors are correctly listed with [NTG rotations](#). This is to ensure that they do not appear in the list of foundation doctors eligible for an ARCP through Horus.
- Local education providers and HEE foundation teams should start making plans for when each 'out of synch' foundation doctor using the NES ePortfolio will stop and (if required) start using HEE Horus. NES ePortfolio will be closed to HEE on Weds 1 August 2018. (See [January 2018 update](#) for further guidance)
