

## Case Based Discussion (CBD)

### Foundation doctor

Name of Foundation Doctor	
GMC Number	
Training period from	
Training period to	
Local education provider	
Specialty	

This form records a structured discussion for teaching purposes of a clinical case managed by the foundation doctor. It is usually based on case note entry, and takes place between the foundation doctor and a trained trainer. Cases should be chosen jointly by the foundation doctor and trainer to address a spread of topics which reflect individual learning needs. Feedback and actions advised for further learning are recorded solely for the foundation doctor's benefit.

**It is important to anonymise any patient identifiable information.**

Date of CBD: *	
----------------	--

Title of Case Based Discussion: *	
-----------------------------------	--

Here you can record a brief, anonymous description to allow the CBD to be contextualised: \*

--

Clinical Setting: *	<input type="radio"/>	Acute (eg ED, theatre, admissions)
	<input type="radio"/>	Non-acute (eg OPD, ward)
	<input type="radio"/>	Community (eg GP surgery, home visits)
	<input type="radio"/>	Other

If Other (please specify)\*:

--

Was this in a simulated setting? *	<input type="radio"/>	Yes
	<input type="radio"/>	No

Provide more detail of clinical setting if desired [free-text]

--

Did this event involve a telephone/video consultation?  [Tick if yes, leave blank if no]

Tooltip:

Clinical problem category: *	<input type="checkbox"/>	1. Clinical Assessment	Assess patient needs in a variety of clinical settings including acute, non-acute and community
	<input type="checkbox"/>	2. Clinical Prioritisation	Recognise and, where appropriate, initiate urgent treatment of deterioration in physical and mental health
	<input type="checkbox"/>	3. Holistic Planning	Diagnose and formulate treatment plans (with appropriate supervision) that include ethical consideration of the
	<input type="checkbox"/>	4. Communication and Care	Provide clear explanations to patients/carers, agree a plan and deliver health care advice and treatment where
	<input type="checkbox"/>	5. Continuity of Care	Contribute to safe ongoing care both in and out of hours
	<input type="checkbox"/>	Other	If Other (please specify)*:

**Feedback on the case based discussion: \***

The trainer should focus on those areas performed well and also identify areas for development, taking into consideration the GMC's Generic Professional Capabilities Framework (<https://www.gmc-uk.org/education/standards-guidance-and-curricula/standards-and-outcomes/generic-professional-capabilities-framework>).

**Agreed action: \***

**Reflection:**

The doctor should reflect on this learning event.

*Reflective notes can be recorded in the above text box area or a separate, structured Reflection form linked to this SLE can be created.*

**Trainer details**

Trainer's Name: *	
-------------------	--

Trainer's Position: *	<input type="radio"/>	GP
	<input type="radio"/>	Consultant
	<input type="radio"/>	ST3 or above / SPR
	<input type="radio"/>	SAS doctor
	<input type="radio"/>	Pharmacist
	<input type="radio"/>	Other

If Other (please specify)\*:

--

GMC / Other Registration Number: *	
------------------------------------	--

Trainer's Email: *	
--------------------	--

Have you been trained in providing feedback? *	<input type="radio"/>	Yes
	<input type="radio"/>	No

If No selected, following message to appear:

Should you wish to complete training in providing effective feedback (and details about supervised learning event tools); you can access a free, online portal: the 'Educator Training Resources' programme on e-Learning for Health (e-LfH): <a href="https://www.e-lfh.org.uk/programmes/educator-training-resources/">https://www.e-lfh.org.uk/programmes/educator-training-resources/</a> . You need to register to be able to access the content; registration is free for NHS staff. Specifically, look for the following module and section: "Educator Training Resources (ETR) NEW > Training for the foundation supervisor".
